

Wealleco

Wealleco is a company founded in 2018, which provides Russian manufacturers with fast, affordable and safe access to the global market.

Wealleco

Wealleco is a company founded in 2018, which provides Russian manufacturers with fast, affordable and safe access to the global market.

The main activity of the organization is to develop the export of non-raw goods from Russia in order to develop Russian entrepreneurship in particular and to ensure the prosperity of the country as a whole. Wealleco forms a new perception of Russia as a reliable supplier of unique and high-quality products by bringing verified Russian manufacturers to external trading platforms.

Wealleco's core values:

- ensuring the security of transactions for both the Russian manufacturer of goods and the international buyer or client;

- to be a reliable guide for novice exporters by providing them with legal, consulting and logistics support based on our own experience;
- providing quality and environmentally friendly goods and services to international partners.

At this stage of development Wealleco is not only a platform for entering foreign markets, but also aims to unite reliable, exclusive, environmentally-oriented Russian manufacturers into a professional union, which aims at sustainable and long-term promotion and support of Russian exporters.

English- and Chinese-speaking professionals with ISO certification and combined foreign economic activity experience for over

30 years

In its work Wealleco company strives to achieve all 17 sustainable development goals of the United Nations . Among them, Wealleco sets priorities for itself:

- good health and well-being;
- ecosystem conservation;
- decent work and economic growth;
- responsible consumption and production;
- partnership for sustainable development.

That is why the products presented by the company are environmentally friendly, using the latest scientific developments in the production process and using only natural products.

Wealleco company unites

25 Russian manufacturers

Product matrix of these manufacturers has about 300 stock keeping units
